**STATEMENT UNDER 37 CFR 3.73(b)—  
ESTABLISHING RIGHT OF ASSIGNEE TO TAKE ACTION**

NOTE: 37 CFR 3.73(b) states "when an assignee seeks to take action in a matter before the Office with respect to a patent application ..., patent, registration, or reexamination proceeding, the assignee must establish its ownership of the property to the satisfaction of the Commissioner. Ownership is established by submitting to the Office, in the Office file related to the matter in which action is sought to be taken, documentary evidence of a chain of title from the original owner to the assignee (e.g., copy of an executed assignment submitted for recording) or by specifying (e.g. reel and frame number) where such evidence is recorded in the Office. The submission establishing ownership must be signed by a party authorized to action on behalf of the assignee. Document submitted to establish ownership may be required to be recorded as a condition to permitting the assignee to take action in a matter pending before the Office."

NOTE: "Section 3.73(b) is amended to remove the sentence requiring an assignee to specifically state that the evidentiary documents have been reviewed and to certify that title is in the assignee seeking to take action. The sentence is deemed to be unnecessary in view of the amendment to §§ 1.4(d) and 10.18."

1. The assignee of the entire right, title and interest hereby seek(s) to take action in the PTO in this matter.

NOTE: The Notice of April 30, 1993 (1150 O.G. 62-64) points out:

"The statement under 37 CFR 3.73(b) may be signed on behalf of the assignee in the following two manners if the assignee is an organization (e.g. corporation, partnership, university, government agency, etc.).

- "(1) The statement may be signed by a person in the organization having apparent authority to sign on behalf of the organization. An officer (president, vice-president, secretary, or treasurer) is presumed to have authority to sign on behalf of the organization. The signature of the chairman of the board of directors is acceptable, but not the signature of an individual director. A person having a title (manager, director, administrator, general counsel) that does not clearly set forth that person as an officer of the assignee is not presumed to be an officer of the assignee or to have authority to sign the statement on behalf of the assignee. A power of attorney from the inventors in an organization to a practitioner to prosecute a patent application does not make the practitioner an official of an assignee or empower the practitioner to sign the statement on behalf of the assignee.
- (2) The statement may be signed by any person, if the statement includes an averment that the person is empowered to sign the statement on behalf of the assignee and, if not signed by a registered practitioner, the statement must be in oath or declaration form. Where a statement does not include such an averment, and the person signing does not hold a position in the organization that would give a rise to a presumption that the person is empowered to sign the statement on behalf of the assignee, evidence of the person's authority to sign will be required."

☒ I, the person signing below, state that I am empowered to sign this statement on behalf of the assignee

**3. BASIS OF ASSIGNEE'S INTEREST**

Ownership by the assignee is established as follows:

2. ☐ An assignment (document) separately being submitted for recordal herewith.
3. ☐ An assignment from the inventor(s) of the matter identified above which was mailed to the PTO on \_\_\_\_\_, a copy of which is enclosed herewith.
